1 PURPOSE OF THIS DOCUMENT

This document sets out the guidelines for direct support for policy dialogue and dialogue capacity building initiatives to be funded by the SA - EU Dialogue Facility under the framework of the TDCA, the Economic Partnership Agreement (EPA) and the Strategic Partnership between the European Union and South Africa.

The Guidelines and Procedure Brochure provides information on:

- the Dialogue Facility background, objectives and priorities;
- eligibility criteria for policy dialogue support;
- the process of accessing support;
- project implementation and reporting requirements; and
- timetable for Concept Proposal submission

This document is designed to provide information to those who wish to apply for policy dialogue support under the 2017-2020 SA - EU Dialogue Facility Phase II, Third Call for Proposals, which will be published in August 2018.

1.1 Background, Objectives and Priority Areas

The Dialogue Facility has been established to support dialogue and cooperation in bilateral, regional, African and global matters between the Government of South Africa and the European Union (and its Member States).

SA-EU Dialogue and cooperation has already been stepped up through increased and regular high level political dialogue meetings – e.g. Ministerial meetings and Annual Summits. Furthermore, and in order to fully implement the SA-EU Development and Cooperation Agreement (TDCA), the SA-EU Strategic Partnership Joint Action Plan (JAP) and the Southern African Development Community SADC-EU Economic Partnership Agreement (EPA), a number of functional dialogue forums have been or are in the process of being established. The Dialogue Facility will help contribute to activities directly associated with the process of establishment and development of functional dialogue forums.

The TDCA and the Strategic Partnership Joint Action Plan foresee cooperation between equal partners in a number of areas in the economic, social and cultural fields. The list of areas is open-ended and new ones can be added through agreement between the parties based on them concurring that the area of cooperation is consistent with the objectives of the TDCA, the EPA, and the Strategic Partnership Joint Action Plan. The Dialogue Facility is designed to support the various dialogues that are in operation or in the process of being established through the provision of technical assistance resources i.e. expertise and resources for related support costs, logistics for conference and workshops, and visibility actions.

The overall objective of the programme to which the Dialogue Facility will contribute is to “strengthen relations between the European Union and South Africa”.

The purpose of the Facility is to “facilitate the implementation of priority aspects, notably of the Strategic Partnership Joint Action Plan, by providing support funding for existing and new areas of cooperation”. The Dialogue Facility, by complementing to ongoing actions of the EU (and EU Member States), will contribute to the overall objective.

1.2 The four Result Areas of the Dialogue Facility

Result 1: Improved sectorial policy dialogue between the EU and South Africa, where possible supporting the creation of synergies among the various dialogues.

Result 2: Increased institutional capacity to help implement the areas of cooperation of the TDCA, the Strategic Partnership Joint Action Plan and the SADC EPA.

Result 3: Increased awareness and understanding of the TDCA, the Strategic Partnership Joint Action Plan and the EPA.

Result 4: Effective programme implementation and appropriate visibility of actions is ensured.

Within the Dialogue Facility, funds have been made available for use on projects to facilitate policy dialogue towards the implementation of priority aspects of the TDCA, the Strategic Partnership Joint Action Plan and the SADC EPA.

This document sets out the criteria and guidelines for allocation and use of these funds in the Third Call for Proposals, as approved by the PSC.

2 ELIGIBILITY CRITERIA FOR POLICY DIALOGUE SUPPORT

2.1 Eligible applicants: who may apply?

Eligible applicants include government and institutions that are not governmental in nature, such as academia, the media, trade unions, business organizations/chambers and other non-state actors and civil society organizations, where:

- such institutions apply in partnership with at least one South Africa government department, which signs a letter of commitment to support the request (sine qua non condition);
- are not-for-profit in their status.

Eligible applicants are defined as those meeting the eligibility criteria above, whether from South Africa or from the European Union.

2.2 Eligible projects for policy dialogue support

Within the context of the policy dialogue support, a project is defined as being composed of a set of activities that are required to meet an identifiable objective and results, with a defined time-frame and a budget.

The funding for policy dialogue will be used for small-scale, demand-driven projects that are less than one

year in duration, are ready for implementation and have a strong potential to lead to further dialogue and cooperation at any stage of the policy cycle.

Dialogue support will be open to any proposed subject within the general SA-EU Cooperation framework.

Proposals with the following characteristics will have an additional advantage:

- Dialogues which align with priorities determined at the SA-EU Summit and Joint Cooperation Councils or any other high-level SA-EU forum;
- Dialogues which bring in the EU experience to address critical issues within South Africa National Development Plan and other key development strategies;
- Dialogues which involve civil society and other non-state actors; and
- Dialogues which mainstream cross-cutting issues such as gender equality and women empowerment, environmental sustainability and management of natural resources when appropriate.

Projects will be screened for complementarity and synergy with other EU- and Member States (MS)-supported development cooperation approach mechanisms and must avoid duplication with other existing funding opportunities.

Eligible activities to access the Dialogue Facility include:

- Facilitation and planning of meetings and conferences to create an opportunity for the exchange of information and create a platform for policy dialogue;
- Use of technical assistance/researchers to prepare papers on specific sectoral subjects as identified in the TDCA, the Strategic Partnership Joint Action Plan and the SADC EPA;
- Small actions/projects that inform and enrich policy dialogue;
- Mentorship and twinnings;
- SA-EU partnership visibility, awareness and information activities; and
- Facilitation of exchange of experiences between the European Union and South Africa relating to various sector topics and dialogues.

2.3 Ineligible activities

The following types of activities are ineligible:

- Individual sponsorship for participation in workshops, seminars, conferences or congresses;
- Scholarships for studies or training courses;
- Improvement of infrastructure and facilities of the applicant;
- Activities which are covered/may be covered by existing funding through Financing Agreements with the European Commission, EU Member States or other donors;
- Proposals where only Technical Assistance/Logistics costs are requested and the 'dialogue' element between SA and the EU is non-existent/weak;
- Salaries of public servants or contractors on long-term basis with the public sector or its agencies; and
- Activities which fall under the core responsibility/budget of the applicant/s.

2.4 Duration & Location

The planned duration of a policy dialogue project may not exceed twelve months (with possible extension to 18 months if approved by the PSC). The policy dialogue project must take place in South Africa, and/or in the European Union. Depending on the specific dialogue topic it may also include relevant SADC stakeholders.

2.5 Number of applications and funding contributions per applicant

An applicant and/or a policy dialogue area is not restricted in the number of funding contribution that can be received. Funding contributions can be provided for several separate projects which complement each other in the development of the policy dialogue. Applicants are discouraged from submitting large open-ended projects with broad activities. Instead, applicants should request support for focused dialogues. The outcomes of any particular project should lead to the advancement of policy dialogue. The outcomes of a dialogue can also be used to inform a subsequent application for support to take the dialogue forward. All projects approved for funding contribution will receive an allocation based on the realistic and competitive costing of the project.

2.6 Maximum funding contribution

A policy dialogue project will have access to a maximum of EUR 75,000 funding contribution under this CFP. The contribution should include a maximum 2% contingency allocation in the budget.

As decided by the PSC, the present CFP aims at attributing a maximum amount of EUR 500,000. The PSC reserves the right not to award all available funds. Similarly, the amount could be increased, upon decision of the PSC.

2.7 Eligible costs

Only costs defined in these guidelines will be covered by the Facility , as detailed below.

The budget submitted in the Concept Proposal is both a cost estimate and a ceiling for eligible costs of the project. The funding contribution under the Dialogue Facility will cover all the costs of the intended project with the exception of salaries of participants.

Proposed budget must be guided by the principles of economy and efficiency. All projects must be costed in both ZAR and EUR (applicants shall use an exchange rate of ZAR 14.00 in preparing budgets). The EUR amount is the official amount of the funding contribution.

It is important to notice that the successful applicants will not actually receive any direct funding contributions, but only the requested services (such as the funding of the requested technical assistance, the organization of the requested seminar or visibility activity, the organization of the planned twinning) up to the maximum of the agreed and approved budget.

All services and payments will be purchased and provided by the Programme Management Unit (PMU) of the Dialogue Facility, as described at Section 4 (Project implementation and administrative procedures) up to the maximum of the agreed and approved budget.

Subject to the eligibility of the project and proposed activities as specified above, the following costs are eligible (please refer to the PMU in case of doubts about eligibility of the type of costs to be covered):

- Input by Technical Assistance (TA) consultants (Senior/Junior Non- Key Experts) counted in man/days (salary costs are explicitly excluded);
- EU Topic Experts' input of technical assistance at workshops, conferences and study tours;
- Covering of cost of accommodation and food or alternatively a 'per diem' amount to cover those expenditures;
- International and local travel costs, such as: flights¹, train tickets, public transport, taxis, vehicle costs recovered as a cost per kilometre to participate in meetings, conferences and workshops; and
- Other costs such as: publications, studies, research/evaluation/studies, visibility actions, translation, scribe and interpretation services, logistics for conferences and seminars.

2.8 Ineligible costs

For reference, the following costs are not eligible:

- Debts and provision for losses or debts;
- Interest owed;
- Items already funded by another framework and/or another Official Development Assistance (ODA) support programme;
- Purchase of land or buildings;
- Currency exchange losses;
- Salaries.

¹ Air tickets for EU topic experts shall be budgeted and purchased in Economy class only. Premium Economy or Business class tickets to a maximum value of €3,500 per return ticket may be purchased when the flight period is more than 7 hours and the presence in the destination country is less than 3 days.

3 PROCESSES OF ACCESSING POLICY DIALOGUE SUPPORT

3.1 Project identification and submission

IMPORTANT FOR APPLICANTS

After approval of the present guidelines by the Programme Steering Committee (PSC) of the Dialogue Facility, DIRCO will electronically send the Call for Proposals (CfPs) to all relevant Departments.

The CfPs will be published on the Dialogue Facility, SA-EU Strategic Partnership and EUD websites.

A CfP information workshop for relevant National departments and State-Owned Enterprises will be convened by DIRCO in close collaboration with the PMU after the launch of the CfPs. This will be followed by Technical Workshop to guide potential applicants in completing high quality concept proposals.

In addition, the PMU of the Dialogue Facility will communicate with target groups and undertake awareness-raising activities to inform potential applicants of the support available under the CfPs, as well as supporting them in the submission. Departments are encouraged to inform the PMU of their intention to submit a Concept Proposal for a dialogue topic as soon as possible after the launch of the Third Call for Proposals by email to the PMU, Team Leader (email:trevort@dialoguefacility.org), using the relevant template (Annex I) to facilitate prior consultation with the EU Delegation/EU institutions and DIRCO. The EU can also discuss project ideas with South African departments or other eligible stakeholders, who may in turn decide to submit them for the CfPs, with the support of the EU or the PMU.

Applicants should submit Full Concept Proposals (Annex I to these Guidelines) together with the relevant annexes (Basic Logical Framework, Budget, Gantt Chart and support letters by the SA Department and an EU institution) by Wednesday January 2019 24h00 to the PMU by e-mail to the following email address: trevort@dialoguefacility.org requesting proof of receipt. In case of contestation, proposals submitted without proof of receipt will not be considered acceptable.

Concept Proposals should be submitted accompanied by a letter of the applying South African Department's Director General and a support letter from a relevant service of the European Union and/or a Member State, such as: the EU Delegation in South Africa, a European Commission's Directorate General, an EU Institution/Agency, the European External Action Service or a European Member State Government institution (for instance a Ministry or a Local Authority) or an European Member State Embassy based in South Africa.

European-based NGOs, think-thanks, Universities, Trade Unions, etc., are non-state actors. Therefore, a support letter from a formal EU or MS state public sector entity (including for instance an Embassy or the EU Delegation to South Africa) shall be required.

In case the applicant is not a South African Department, the relevant Department Director General shall still send a supporting letter for the proposal presented by a non-governmental entity. Due to the substantive time requirements to secure DG letters by South African departments, applications with DDG letters will also be accepted..

In case a proposal with a DDG letter is pre-selected by the PSC for funding, a DG letter needs to be submitted within 30 calendar days of the approval notification (date of the letter) as a sine qua non condition for final approval and carry out of the activities.

The Concept Proposal (model to be followed in Annex II to these Guidelines) will address:

- Relevance of the proposal to the objectives of the SA-EU Dialogue and the national priorities;
- The required activities and the expected results of the project, via a Basic Logical Framework (model to be followed in Annex Ia to these Guidelines);
- A budget /maximum and expected areas of expenditure in EURO and in ZAR (an exchange rate of ZAR 14.00 shall be used) according to the model in Annex IIb to these Guidelines. Financial and/or in kind contribution by South African Government Departments will be encouraged, but will not be a precondition for the approval
- Clear and detailed indication of the European interlocutors and the 'dialogue' element of the proposal.

Concept Proposals with the following characteristics will have an additional advantage:

- Dialogues which align with priorities determined at the EU-SA Summit and Joint Cooperation Council or other high level EU-SA fora;
- Dialogues which prioritise with South Africa National Development Plan and other key development strategies;
- Dialogues which involve of civil society and other non-state actors;
- Dialogues which mainstream cross-cutting issues such as gender equality and women empowerment, environmental sustainability and management of natural resources when appropriate.

The PMU have been charged by the PSC to offer advice to the Applicants on developing Concept Proposals. Applicants are encouraged to work with the PMU in the development of their Concept Proposal/s. The PSC may also request the Applicants to present their Concept Proposal/s

3.2 Criteria for evaluation and selection

The PMU will present a report (based on the model in Annex IV to these Guidelines) on all Concept Proposals submitted to the PSC for consideration and decision.

This evaluation grid is divided into sections and subsections detailing core elements that need to be addressed in the Concept Proposal and will be considered during the evaluation process.

When deciding whether to approve a Concept Proposal, the PSC will consider:

- the criteria set out in these guidelines (Concept Proposal Evaluation Grid at Annex III to these Guidelines);
- the project's alignment to the objectives of the TDCA, the Strategic Partnership's Joint Action Plan and the EPA; to be found on the Dialogue Facility website
- the available budget, and the relative merits of competing Concept Proposal; and
- the proposed objectives of the project, alignment to objectives of the Dialogue Facility and the strategic importance of the policy dialogue to the EU/SA relationship.

3.3 Notification of the decision of the PSC on the Concept Proposals

The decision of the evaluation of the Concept Proposal by the PSC will be communicated to each applicant by the PMU within 15 working days after the PSC meeting.

The PSC's decision on applications submitted falls into three categories:

- Approved
- Rejected (with comments)
- Deferred (with comments) in order for the applicant to have an opportunity to rework and resubmit in a future Cfp.

4 PROJECT IMPLEMENTATION AND ADMINISTRATIVE PROCEDURES

4.1 Development of the Detailed Plans

The Applicants of approved Concept Proposals will be requested by the PSC to develop a Detailed SA-EU Dialogue Plan before activities can be funded by the PMU.

The Detailed SA-EU Dialogue Plan may comprise Terms of Reference (ToR) for technical assistance and/or other relevant documents for the procurement of services

VERY IMPORTANT: In case of a major change of the overall orientation of the Detailed Plan from the approved Concept Proposal, the new document will need to be re-approved by the PSC before implementation.

4.2 Administration/procurement

Procurement for the dialogue (travel, conferences, TA...) will be undertaken by the PMU as defined in the Financing Agreement. There will be no direct transaction of funds between the PMU/PSC of the Dialogue Facility and the successful Applicant.

When drafting their proposals, Applicants should take into account the lead time required for implementation and procurement.

The start-up date for the dialogue will be the date of the Inception Meeting held between the applicant and the PMU after receipt of the PSC letter of approval.

5 REPORTING AND VISIBILITY PROCEDURES

5.1 Reporting by the Applicant

The Applicant will be responsible for reporting on the implementation of the SA-EU Dialogue project. The frequency of reporting will be determined by the PSC. The reporting requirements will be communicated upon finalization of the Detailed Plan. The final report needs to be submitted within 30 days of completion of the SA-EU Dialogue as per Annex V. If a beneficiary does not submit reporting within the established timeframes, the PSC may decide to block the financing of additional dialogues to the same institution.

5.2 Visibility requirements

All projects will be required and supported by PMU to follow the standard EU Communication & Visibility guidelines to ensure visibility of EU funding in Dialogue Projects. Information and publicity measures should accompany all activities that are part of the implementation of the Dialogue Projects (publications, conferences and other public events, briefings, press conferences, etc.).

The SA-EU Dialogue Facility communications and visibility manual will be made available to project managers and implementation staff of stakeholders.

The entire EU visibility guidelines, including the Communication and Visibility Manual for EU External Actions can be found at http://ec.europa.eu/europeaid/work/visibility/index_en.htm.

We, as applicants, take note of the following rules governing the funding support to the project in the event of a successful application:

- There are specific rules, guidelines and restrictions that apply to all procurement and expenditure that will be incurred during the implementation of the project under the SA-EU Dialogue Facility.
- Subsistence allowance (also called “per diem”) is a flat-rate maximum sum covering daily subsistence costs for every night spent away from home by a participant in a Dialogue Facility project. The subsistence allowance includes accommodation, meals, tips and local travel, including travel to and from the airport. Taxi fares are therefore covered by the subsistence allowances.
- The project reserves the right to reject the payment of subsistence allowances if the most direct route and the most economical fare criteria have not been applied. This in practice means that no study tour or any other workshop/conference participant can be funded to arrive/depart any day(s) earlier or later the to/from the workshop/conference/meeting to be attended. Should a participant want to anticipate or delay its departure from the event to be attended, s/he will be responsible for the costs incurred in the ticket change.
- If a participant does not show up in time for a flight or requests a change to the ticket already booked, without prior duly written substantiated reason, the cost of the unutilized ticket/ its change will have to be reimbursed to the Dialogue Facility by the responsible Department and/or project partner organisation.
- The same will apply for any hotel accommodation booked and pre-paid and not utilised by a participant due -no show up. This also applies to conference/workshop venue bookings and any such events being cancelled or number of participants reduced at late stage for unsubstantiated reasons not duly approved.

Applicants should complete the following sections in no more than 6 pages and add Annexes as per templates. The key project champion in a Department should be at Chief Director or higher level.

About the SA - EU Dialogue Facility

The Dialogue Facility seeks to support the strengthening of policy dialogue the European Union (EU) and South Africa. South Africa and the EU enjoy a reinforced and special relationship following their agreement to a Strategic Partnership in 2006. The Strategic Partnership and its related Action Plan are intended to build on the existing relationship with the intention of strengthening political and economic cooperation. The Strategic Partnership is a significant move by the EU and South Africa mere political dialogue to active cooperation on issues of mutual interest at bilateral, regional, continental and international levels.

The Dialogue Facility will provide support such as technical Assistance, logistics (conferences, workshops, seminars, And events), support to study tours, research, mentoring, Twinning, etc.

The Dialogue Facility is strategically guided in a partnership between European Union and the government of South Africa. A Programme Management Unit deals with day-to-day administration.
